## Programme report

### Topic - Women Hygiene and Health care

On behalf of the Women's Grievance Redressal Cell at Vishwalata Art's commerce and science college. Dr. Riddhi Ramdas Avhad's guided lecture on the important topic of 'Women's Health' was conducted in vishwalata college. Students and women have some health problems while studying or in general, but due to proper guidance or what the society will say, there is no much talk about it and there is no denying the possibility of long term effect on their health. Dr. Avhad Madam made a concerted effort to give in-depth information on how we can get rid of various problems. Girls face health problems in their daily life but they do not express it due to fear or ignorance and as a result it does not take long for it to turn into a major illness. He also mentioned. "Everyone's lifestyle has changed a lot during the Corona Outbreak period and if you are in good health then everything will be fine, so adopting good habits has become a major issue today

We must do it. 85 girls and 6 female professors were present for this program. Special efforts were made by the Head of the Department Prof. Geeta Borade, Prof. Payal Pande and other female professors for the success of this program.
