## Ganesh Utsav 2016-17

The Ganeshotsav, which has been going on for the last ten days at the Vishwalata College of Arts, Commerce and Science run by Shri Sairaj Shikshan Pratishthan, concluded with an immersion procession of Shri Ganesh. It was almost morning in the college to say goodbye to Shri Ganesh. This year's Ganeshotsav was made memorable by many new initiatives. It can be mentioned that the procession of immersion of Lord Ganesh started from the bullock cart in the traditional way. He must have felt sorry for his beloved guests, who stayed with him for ten days. Even in this rainy weather, the enthusiasm of the college students did not diminish.

The main immersion procession started after the Aarti Sanstha of Shri Ganesh by Shri. Prashant dada Bhandare, Secretary of the swansha. While celebrating the environmentally friendly Ganeshotsav, the inclusion of traditional rural instruments like Sambal and Doli Baja gave a different impetus to the mind. The active participation of Shri. Bhushan Laghave, the trustee of the organization, who has been active in this immersion procession since the very beginning of Ganeshotsav, and the overflowing enthusiasm and joy of the students did not go unnoticed.

The main feature of the ceremony was the first two groups in Shri's immersion procession and then the students holding flags in their hands, the young women's sticks, the feta in the attire of these young women as well as the traditional attire and feta of the students and female professors. In the middle of the procession, a group of youngsters performed various adventure demonstrations in front of the villagers of Bhatgaon. After this, the amateur students paid their heartfelt homage to Lord Ganesh through traditional dance.

The whole village was listening to the praises of Ganesh's immersion procession of the college and the discussion of the discipline of the college. Sambhaji Maharaj's outfit made by Pravin Thackeray was more visible. After the procession returned to the entire village, Lord Ganesh was immersed in an artificial pool made in the college premises. Ganapatibappa Morya, come early next year, come on the half-ladu moon, Ganapatibappa on the rat, and with such announcements, the whole area was abuzz. It was sad to say goodbye to our beloved Ganarayana, but it was comforting to be able to put up with the grief of coming back next year. Your dear guest was said goodbye in a big way. Trustees and social activists Shri Bhushan Laghave, vice-principal Dnyandev Kadam, all students, teaching and non-teaching staff were present on this occasion. From the beginning of this Ganeshotsav to its immersion, the participation of all the students, especially the female students, was very pleasant and wonderful. The whole ceremony was eye-popping.

भाटगाव : विश्वलता महाविद्यालयात आंतरराष्ट्रीय युवादिनी गटचर्चेत सहभागी झालेले विद्यार्थी.

## विश्वलता महाविद्यालयात युवादिन

चेवला, ता. १२ : भाटगाव येथील श्री साईराज शिक्षण प्रतिष्ठान संचलित विश्वलता कला, वाणिज्य व विज्ञान महाविद्यालयात आंतरराष्ट्रीय युवादिन व्याख्यानाच्या पारंपरिक घाटणीला वाजूला ठेवून प्रत्यक्ष महाविद्यालयातील युवक-युवतींच्या गटचर्चेच्या माध्यमातून कृतियुक्त सहभाग नोंदवत साजरा झाला.

आजचा युवा आणि त्यांचा सळसळता उत्साह हे जर योग्य वेळी एकसंध झाले तर कुठलीही गोष्ट अशक्य राहत नाही. औचित्य कुठलेही असो जर युवा एकवटला तर काहीही साध्य करता येते. फक्त त्याला योग्य मार्गदर्शन आणि परिपूर्ण नियोजनाची गरज असते, हेच या वेळी युवकांनी दाखवून दिले. महाविद्यालयात झालेल्या गटचर्चेत आजचा युवक कसा असायला हवा, यावर सखोल चर्चा घडवून आणली. या महत्त्वपूर्ण विषयान्वये बरेचसे नवीन प्रवाह युवकांनी मांडले.

यात सध्याची भरकटणारी युवा भिन्नी, युवक-युवतींचा मोबाईल फोन व इंटरनेटचा अतिवापर, सांस्कृतिक वारोंची अवहेलना व चित्र-विचित्र वेशभूषा यांसारख्या मुद्द्यांवर सगळ्यांनी वाजू मांडली. आजचा युवा सर्वशक्तिमान असून, त्याच्या क्षमतांचा योग्य वापर करून घेणे हा सूर चर्चेत अधोरेखित झाला.

चर्चेत महाविद्यालयातील प्रकाश शेलार, अविनाश निघूट, आरती गुंड, कावेरी आव्हाड, प्रणाली गायकवाड, अजिंक्य खैरनार, आकाश शेलार व अतुल शिंदे या विद्यार्थिनींनी सहभाग नोंदविला. आजचा युवक खूपच बुद्धिवंत असून, लवकर परिस्थितीशी समायोजन करण्याची क्षमता त्याला प्राप्त आहे. फक्त गरज आहे ती संयमाची, अशी भूमिका या विद्यार्थ्यांनी मांडली. व्ही. बी. मढवई यांनी सूत्रसंचालन केले. उपप्राचार्य डी. के. कदम, कमिटीप्रमुख किरण खैरनार यांनी नियोजन केले.

## Ganesh Utsav 2017-18

Today is Anant Chaturthi. At the beginning of any auspicious deed, we need to remember Shri Ganesha. Shri Ganesha is the lord of 64 arts and 12 sciences. The yearning for the last few days is coming to an end today and that is our dear lord will come back next year. Ganapati always destroys obstacles and completes any task successfully. The day of their immersion is the one that has no end.

Shri Ganesha of Vishwalata College of Arts, Commerce and Science, run by Sairaj Shikshan Pratishthan, has been heartily bid farewell today not done. In the last few years, the college has made a sincere effort to create awareness among all, including environmental supplementary festivals, noise pollution and water pollution free festivals, Nirbhaya Ganeshotsav. This year, the financially literate Ganeshotsav financial awareness literacy Janajagar was wrapped in this wreath. This is a small effort in terms of the post-denomination financial crisis, the increased use of digital transactions and public awareness and training for them. During this period, various lectures were organized in the context of digital transactions as well as new tax laws on goods and services.

On the last day, the immersion procession was taken out from the college on the last day in a grand manner. The significance of this year's procession was that the college's Dholpathak was formerly called dholpathak, meaning only the Ganesh Immersion procession in Mumbai or Pune, but the rural areas were nowhere behind. While keeping the edge of sophistication, without breaking any of the traditional customs. The abandonment of noise polluting devices like this has caught the eye of all the villagers here.

During the night, the immersion procession passed through all the village areas and came near the artificial pond built in the college premises. On this occasion, Shri Manobhave Art Prarthana (Aarti) Secretary At the hands of Prashant Bhandare, with a tearfull eyes and Ganpati Bappa Morya, come early next year And Shri was immersed. The youth and villagers present did not forget to give acknowledgment that all these ceremonies were eye-catching.

During this Ganeshotsav, other professors and non-professor staff and students along with the Cultural and Social Department provided valuable assistance for proper planning and implementation.

The main objective is to inculcate this social feeling. This year's Ganesh Utsav also had a unique and equally serious theme from the concept of Trustee Bhushan Laghave, which is "Ganeshotsav against global warming".

Mr. Vibhandik, Head, Department of Biology, Swami Muktanand Senior College, was invited for the second lecture. He explained the impact of global warming on the living world. Man is becoming very selfish so he does not look back and forth to sacrifice anyone for his own benefit. And it doesn't consider anything beyond nature. He said that it was necessary to increase the forest cover by saving fuel like petrol, diesel, stopping the use of plastics and not increasing the cement forest.

In the third flower of the lecture, Mr. Madhav Deshpande Saheb, Bhumi Putra of Yeola taluka, a former agriculture officer, mentioned to the students that the ground water level in the soil is very serious and sensitive. He advised to use organic farming in order to cultivate alternate crops, eat vermicompost and make maximum scientific use of manure. He also explained how to produce vermicompost.

Samuhik Ganapati Atharva Shirsha Pathana organized by Under the leadership of prof. Dharaskar sir, 125 students took an active part in this. Apart from this, they presented their artistic talents to the students through various competitions related to the students such as oratory competitions, poster presentations and essay competitions.

The students of the college, professors and non-professors in traditional attire marched in the village to the tune of the traditional Sambhal instrument without any noise pollution in the bullock cart. In it, Ganpati Bappa Morya announced this early next year. The idol was immersed in an artificial pool made in the college premises and Sashru Nayan bade farewell to his beloved father.

## Report

3rd September 2017 Sunday.

Planting of two thousand seeds in the vicinity of Goraksanath fort is an innovative initiative of "Social Heartbeat Organization" ...

Considering rising global temperatures, pollution, cement forests and environmental degradation from human beings, a group of 25 people undertook a unique initiative. Also, the tree has various uses and benefits

Humans have escaped by slaughtering innumerable trees like Howarta, resulting in increasing pollution, global warming, rising levels of carbon dioxide, as well as a variety of diseases, but the solution is to plant trees and cultivate them.

Against this backdrop, the initiative of Clean Yeola-Green Yeola under the innovative concept of Mr. Bhushan Laghve and planting of 2,000 seedlings and conservation of existing seedlings was organized through a socially conscious organization called 'Social Heartbeat'. For this, a very thoughtful place was chosen at a distance of 12 km from Yeola.

Gorakshanath fort near Ankai. Ankai and its surroundings have natural and religious significance. Two thousand seeds were planted with the active participation of young men and women without any publicity sauce or any payment. In the saint tradition, the tree is also praised in which "Vrikshavalli Amha

## Project title : Atmospheric Water Generator

There is no water left on earth that is safe to drink without purification after 20-25 years from today .this is seemingly bold statement , but it is Unfortunately true. Only 1 % of earth's water is in a fresh ,liquid state and nearly all of this polluted by both diseases and toxic chemicals For this reason ,purification of water supplies is extremely important .keeping these things in mind, we have devised a model which will convert the dirty /saline water into pure/portable water using refrigeration effect atmospheric water generator. This is device which produces drinkable Water from humid air with an emphasis efficiency and renewable energy sources.

This project aims to solve this problem. In the coastal areas the relative humidity is quite high(around 70-80%).so the air in coastal areas can be used to meet the water need of people by using dehumidifier unit. Thus drinking water can be obtained from the atmosphere by Harnessing solar energy . such device name – " Atmospheric Water Generator "

## Key Point

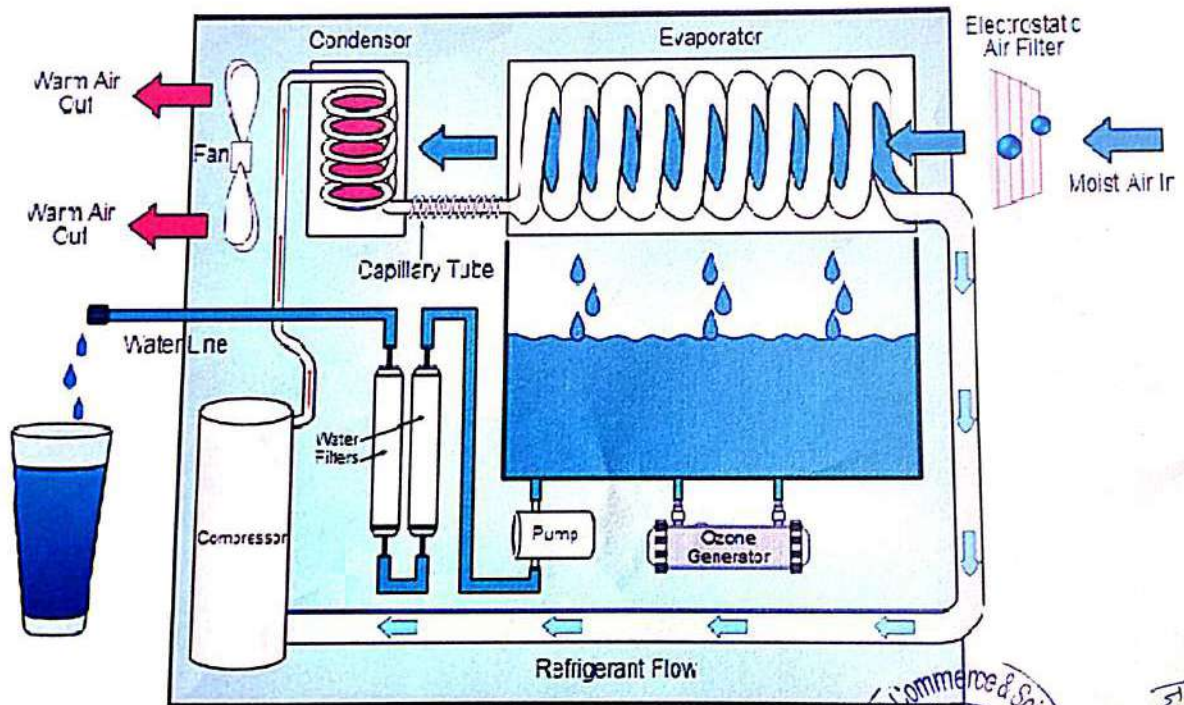

- Water Cycle
- Effect of Climate
- Refrigeration System
- Atmospheric Water Generator toolkit

<b>Water Cycle</b>	Water cycle also known as the hydrolic cycle or H <sub>2</sub> O cycle. The water moves from one reservoir to another such as river to ocean or from ocean to the atmosphere, by the physical process of evaporation. the water Goes through liquld, solid(ICE),Gas (Vapour)...
<b>Effect of Climate</b>	The water cycle powered from solar energy ,80% global evaporation occurs from oceans. Without cooling the effect of evaporation lead to higher temperature 60 ° c. aqulfer drawdown and pumping of fossil water increases the total amount of water in the hydrosphere
<b>Refrigeration System</b>	Refrigeration system classified in two parts <ul style="list-style-type: none"> <li>- Vapor-compression refrigeration</li> <li>- Vapor –absorption refrigeration</li> </ul>
<b>Atmospheric Water Generator toolkit</b>	This toolkit consist of – <ul style="list-style-type: none"> <li><b>Compressor</b></li> <li><b>Condenser</b></li> <li><b>Expansion valve</b></li> <li><b>Pressure Gauge</b></li> <li><b>Evaporator</b></li> </ul>
